Quality Professionals. Cultural. Charitable.

April 8, 2019

Volume 3, Issue 4

Dear AIB2B Supporters:

## Founder's Message

*Marc Ang*

I think we are at a point where our work speaks for itself. We are so busy with so many events, I invite everyone to engage wherever they want and whenever they want.

I always practice gratitude and March was amazing. Meeting the former First Lady of Indonesia, who has the right ideas about human rights, was a great honor.

Our mixers continue to be successful, drawing hundreds of people each event. As we address important issues of the day and of our local Southern California, we drew over 100 at our human trafficking screenings of "Trafficked", our marijuana and sex ed issues in El Monte and our business mixer in Pasadena.

This month also gave members lots of perks such as exclusive horse racing tickets to the newly reopened Santa Anita race track, on a beautiful day with no incidences. We also gave many of our members special access to a film "Unplanned" 8 days before it was released, and shot to #4 in the Box Office. Our members continue to get perks in the month of April with a special Health & Wellness luncheon and discounted expo booths.

Speaking of, OUR EXPO BOOTHS ARE STILL DISCOUNTED! Not as deep of a discount as those who snagged early bird, but still incentives to buy now.

Sign up as a member or sponsor today so you don't miss out! We welcome so many new members to our family. We also thank Wells Fargo for their financial sponsorship this year.

## 3/13: Business Mixer at Bank of the West

AIB2B threw another successful business mixer at Bank of the West on March 13th, in Pasadena. The room was packed with over 100 guests. Thank you branch manager and AIB2B member, Vivi Hoang, for hosting us, and providing yummy homemade Indonesian food!

Thank you to AIB2B members Larry and Pat Cabaldon of the Boardroom Performance Group had a informative role play. For those who haven't sat on boards, whether for profit or non profit, it was a lot of new information. For those who have, it was familiar, another dimension tested our hiring assumptions and the way we process data.

Thanks to Senator Susan Rubio's office for presenting us with certificates!

Over 100 attended.*
