"Health Freedom" Info Night with Dr. Andy Wakefield

NEWPORT, CA

On December 8, dozens of donor-activists gathered to learn what the current California state mandates are on vaccinations and the infamous Dr. Andy Wakefield's work to combat the overreach.

As an organization we strongly believe in free speech and dissemination of ideas into public consciousness to add nuance and depth to understanding of controversial issues. We are against the mandates on vaccinations by the state but we believe that responsible vaccinations are necessary, taking into account each child, similar to an IEP. We will support films that inspire audiences to research and gain nuance regardless of whether or not we agree.

Celebrity Makeup Artist Yolanda Halston

VILLA PARK, CA

On December 8, AIB members met celebrity makeup artist Yolanda Halston to learn beauty and wellness tips.

Yolanda created the first and only ever patented aerobrush. This pioneering business woman in the field of beauty will share tips and introduce the audience to great beauty products.

This will be the beginning of a series of Health and Wellness events that AIB will host. All events are free with members gaining priority access.
