COMMUNITIES**

# IMPACT GALA 2021

Fountain Valley, CA

We held our first Gala over over 18 months due to the pandemic. Starfish restaurant in Fountain Valley was gracious enough to host over 100 attendees.

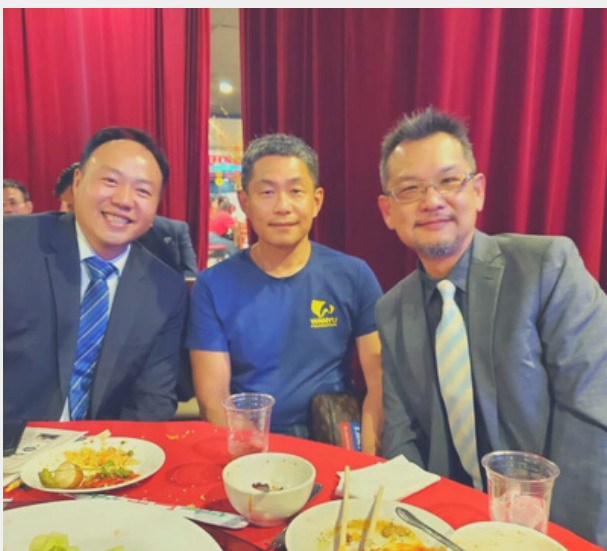

In attendance were Congressman Chris Smith from New Jersey, Fountain Valley Mayor Michael Vo, Fountain Valley Council Member Ted Bui, Newport Beach Council Member Kevin Muldoon, Walnut Council Member Eric Ching, among others.

We presented certificates and awards of recognition to board members and business owners who have been innovative and roughed through one of the toughest years in our recent history.

Lastly, for our keynote speaker, we had Josie Harrington, famous comedian Jo Koy's mom come speak on what it's like to be an immigrant, a mom, and an American.

# IMPACT GALA 2021

---

# STAND FOR STUDENTS: CURRICULUM CHANGES

On June 9, AIB hosted an educational panel for parents to learn about the horrific curriculum changes.

Over a hundred parents and community members came to support the event.

Now more than ever, parents need to be aware of how tax dollars are being spent on the young in public education.

Critical Race Theory and other radical progressive ideas are being touted as fact while STEM education is being placed in the backburner.

# KICK OFF SUMMER BURN THOSE MASKS

HUNTINGTON BEACH, CA

Gavin Newsom, in order to stave off the recall, arbitrarily called June 15th the day that California would open to capacity. While he can not keep his promise, we did.

On June 15, many of us gathered in Huntington Beach by the pier and ceremoniously burned masks. (For environmental reasons, we did not actually burn them!). Media and news stations were in attendance as well. Pizza and s'mores were provided.

# SELF DEFENSE WITH A ROOFTOP KOREAN

---

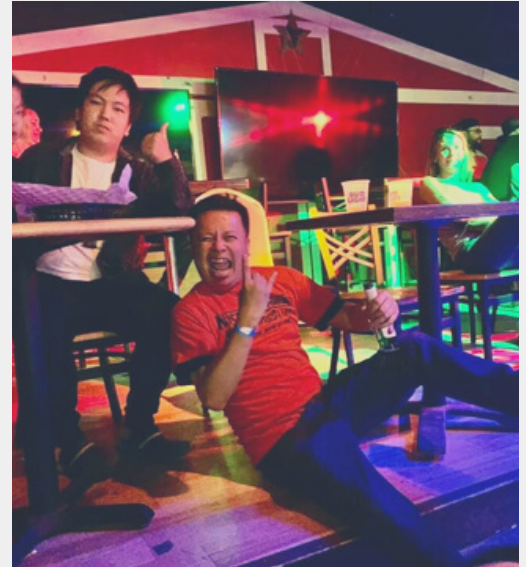

With the recent uptick in crimes, we are honored to have our member Tony Moon, one of the original rooftop Koreans teach self defense classes to the community. Especially since the police are often minutes away, one's ability to defend themselves comes handy.

Tony will be doing a self defense class periodically throughout the year so please stay tuned and join us for the next one!

# AIB SPONSORS MICRO MANIAL MIDGET WRESTLING

On June 23, AIB members gathered in Norco at Water Wheel Saloon & Deli to watch Midget Wrestling. AIB was the title sponsor because we care about the little man. It was a fun night to decompress and meet in a live gathering.

# JUNETEENTH: KEEP OUR INNER CITIES SAFE

On June 19th, AIB celebrated Juneteenth in Los Angeles County. Members and the community spent time remembering the cost of freedom from slavery. The Recall Gascon campaign collected signatures and joined together to potluck. Parents of murdered children who have not received justice because of the detrimental policies of District Attorney Gascon spoke about the pain of not having resolutions.

FAITH & FAMILY

# FREEDOM IN CHRIST

BY ANALIA ANDERSON

As we approach our nation's Independence Day, we are reminded of the cost of freedom. Brave men sacrificed their lives to fight against Britain's rule. Today we're fighting our own government's tyranny for the soul of our nation. But the greater battle belongs to the Lord. He wants our souls for His kingdom that is not of this world. No matter what country we live in, we will be slaves to the system and the lusts of the flesh unless we live for God. When surrender our lives to the Lord, we have freedom in Christ. We can overcome every fiery dart from the devil, whether it is injustice from corruption or enslavement to sin. God gives us wisdom to gain favor, protection from persecution, strength to withstand temptation, and the desire to become more like Him. We no longer need approval or external things to find security and contentment. God alone is enough. As we face battles everyday, we must be mission minded and kingdom minded. We are fighting for the Lord to make Him known and win souls for Him. The devil can't stop the purpose God has for us, so we must be about our Father's business in everything we do. Remain in the spirit and God will be with us and give us victory.

**"Now the Lord is the Spirit, and where the Spirit of the Lord is, there is freedom."—2 Corinthians 3:17**

*Psalm 91*

*Whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty.*

*I will say of the Lord, "He is my refuge and my fortress,*

*my God, in whom I trust."*

*Surely he will save you*

*from the fowler's snare*

*and from the deadly pestilence.*

*He will cover you with his feathers,*

*and under his wings you will find refuge;*

*his faithfulness will be your shield and rampart.*

*You will not fear the terror of night,*

*nor the arrow that flies by day,*

*nor the pestilence that stalks in the darkness,*

*nor the plague that destroys at midday.*

*A thousand may fall at your side,*

*ten thousand at your right hand,*

*but it will not come near you.*

*You will only observe with your eyes*

*and see the punishment of the wicked.*

*If you say, "The Lord is my refuge,"*

*and you make the Most High your dwelling,*

*no harm will overtake you,  
no disaster will come near your tent.  
For he will command his angels concerning you  
to guard you in all your ways;  
they will lift you up in their hands,  
so that you will not strike your foot against a stone.  
You will tread on the lion and the cobra;  
you will trample the great lion and the serpent.*

*"Because he loves me," says the Lord, "I will rescue  
him;  
I will protect him, for he acknowledges my name.  
He will call on me, and I will answer him;  
I will be with him in trouble,  
I will deliver him and honor him.  
With long life I will satisfy him  
and show him my salvation."*

# KEITH HARDINE'S CONSTITUTIONAL SELF DEFENSE INITIATIVE

## Beverly Hills, CA

Right before our Remembering Victims of Anti-Semitism, Keith Hardine taught a self defense class in Beverly Hills. His objective is to "inspire every American, to learn the value of blending with the Laws of Nature, to defend their Rights of Life, Liberty and Property against bullying, and sudden aggression."

# A MAN WALKS INTO A...

BY SHERILL FRANKLIN

**SUPERMARKET**, gorgeous, fit – in fact he’s AnyTown U’s quarterback. He roams the aisles, and by the time he has traversed from Pharmacy to Bakery it is apparent that he is not finding what he is looking for.

Store employees offer to help. He looks bemused and says he is “cool”, but finally an older man comes striding by and he says “Er, hey, do you know this store? I can’t find...” he trails off. The older man responds “Yes, I do. I’m the Store Manager. How can I help you?” “I’m looking for ‘amylase’, ‘protease’ and ‘lipase’, you know, digestive enzymes. I looked over in gourmet foods and on the baking aisle but I didn’t see them.”

‘Amylase’, ‘Protease’ and ‘Lipase’.” corrects the Store Manager gently. “Those would be in Supplements.” As he leads the way across the store, the young man starts to talk. “There’s this girl, met her in the bookstore a bunch of times, majoring in Food Science, pretty.” The Store Manager’s brows go up. It’s been a long time since he heard a young woman described as anything but ‘hot’!

“I asked her out and she said yes, then this guy comes up, Conner, he’s in her class. He’s majoring in Food Science too. Going to be a chef. (What could she see in him?) He spent a bunch of time talking to her about ‘amylase’ and enzymes and stuff. We’re going on a date tomorrow, so I thought I’d take her some...what are those anyway.”

The Store Manager, hiding a smile replies, “Amylase, Protease and Lipase are three of the digestive enzymes that your body produces to break down and utilize the food you eat. For example, I bet you could polish off 3 hamburgers and some chili-cheese fries with no problem.” The young man laughs. “Football?” asks the Store Manager. “Yeah!” Replies the young man, pleased.

“Well, the amylase in your saliva will start breaking down the carbs – hamburger buns and the fries – and they’ll end up as simple sugars that you can use as energy. The protease will get to work on the protein – beef patties and chili – and the body will use them to build more lean muscle. The lipase will get to work on the fats –
